Subject: College Station Zoning Commission Application Results

Why are you interested in serving on a city committee?: I would like to contribute to the growth and development of the City as my wife and I plan on raising our children here.
What attracted you to College Station?: The quality of life here, plus the educational environment.
What, if anything, would you change about College Station?: I would like to see the city be more proactive in luring business to the city. College Station should not be as dependent on the University as it is currently.

This board meets twice monthly(P&Z, 1st and 3rd Thursday, 7:00 p.m., ZBA, 1st Tuesday, 6:00 p.m.). There are also additional subcommittee meetings that may be held during the daytime. What time constraints do you have, if any? : I work 8 to 5 and sometimes must travel for up to 5 days on business.
What is your attitude towards growth?: I believe that growth is the only way to improve the city. College Station must attract businesses and the families that follow in order to maintain our standard of living and to improve the amenities the city offers. All this will, in turn, attract more businesses and people to the area, ensuring continued growth and improvement.
Briefly give your opinion about the overall mission and goals of the city.: The goal of the city should be to improve life for the citizens of the city. Anything else is a disservice.
Additional Comments: I believe the P&Z board is one of the most important committees for ensuring proper growth of the city. Without the P&Z board, we would not enjoy the beautiful city we have today. With proper oversight, the city will continue to prosper.
